Advising Recommendations

- Complete the Michigan Transfer Agreement (30 credits) to satisfy WSU General Education requirements.
 - Pre-professional courses in BIOL, PS, PSY, or SOC can satisfy specific MTA requirements.
 - Students not completing MTA will need to complete [WSU General Education requirements](#).
- Applicants are strongly encouraged to attend an informational session prior to applying to the Wayne State University BSW Program. At the meeting, we will cover in detail the BSW program, careers, application process, curriculum and so much more.

Wayne State University – Bachelor of Social Work (BSW)

The Wayne State University Bachelor of Social Work (BSW) degree program prepares undergraduate students for ethical, competent, entry-level, generalist professional social work practice with diverse, poor, vulnerable, and oppressed individuals, families, groups, and communities.

Detroit's urban context provides rich and compelling experiences that aid BSW students in developing their professional competence and prepares them to uphold the core values of the profession. In the classroom and in practicum, our faculty guide BSW students to make connections between social work practice and broader struggles to advance human

rights and social, economic, and environmental justice. We help students understand the need for cultural and intellectual humility and to value and appreciate the strengths and expertise of the clients they serve.

The School of Social Work offers admission to the BSW degree program in the **fall semester**.

Transfer Credit Resources

- [Transfer Equivalency Self-Service](#): This tool displays how your earned credits will transfer into specific Wayne State degree programs. This tool provides an unofficial degree audit that indicates how your transfer credit is applied and which courses are still required to complete the degree.
- [Michigan Transfer Agreement \(MTA\)](#): The MTA can be earned at any Michigan community college to satisfy the Wayne State general education requirements. Each community college has an MTA-approved course list of its own, so please refer to the list of courses that your respective community college has approved for MTA.
- [Transfer Course Equivalency](#): This tool allows you to research specific courses and how they transfer to Wayne State.
- [Transfer Pathways](#): The transfer pathways are agreements with Michigan community colleges that streamline the transfer credit process while providing a roadmap to earning your associate's and bachelor's degrees.

Understanding Transfer Credit

- **What will transfer?** All college-level classes from regionally accredited colleges with a grade of 2.0 (C) or above will transfer. There are no specific limits to the number of transfer credits. However, each academic program has specific requirements that must be satisfied which helps determine the best number of credits to transfer.
- **How will it transfer?** Courses transfer as the number of credits earned at the college where you took the class. This is true regardless of the number of credits the Wayne State equivalent course is worth. Each transferred course will match one of the following types of credits:
 - **Equivalent credit** – matches a specific WSU course.
 - **Department credit** – transfer into the academic department without a specific WSU course match.
 - **Elective credits** – transfer as general or elective credit (GEN 1XXX or GEN 2XXX).
